EDUCATION

Michigan State University, East Lansing, MI

Expected Graduation Spring 2017

Bachelors of Engineering in Computer Science, German Minor

- *Member – Honors College (3.64/4.0 GPA)*
- *Relevant course work – Python, C++, Computer Architecture and Organization, Discrete Structures*
- *Programming Languages – C++, C, Python, HTML, CSS*
- *German Language – Limited Working Proficiency (5 years of courses)*

PROFESSIONAL EXPERIENCE

GE Aviation Systems, Grand Rapids, MI

May 2014 – August 2014

Software Engineering Intern – Navigation and Guidance

- Diagnosed reported issues and corrected source code based on descriptions from the problem reports
- Performed software functionality tests using FM Workstation to verify requirements in DOOR's were satisfied
- Designed, coded and implemented a Python program to reduce the time and risk of error in populating software checklists
- Published new software releases as a Software Librarian, pulling source code from a CVS server and compiling it
- Utilized *Scientific Toolworks Understand* to analyze Flight Management System source code and search for data couples

PRE-PROFESSIONAL EXPERIENCE

GE FIRST Robotics Workshop Volunteer, Grand Rapids, MI

May 2014 – June 2014

- Volunteered for series of weekend workshops lasting 5 weeks
- Mentored middle and high school students in designing and programming Lego NXT robots
- Helped students build necessary skills for the upcoming robotics season

RobotC Programming for VEX PIC, Ypsilanti, MI

June 2013

Author

- Authored a technical manual on C programming for a VEX microcontroller using Carnegie Mellon's RobotC compiler
- Explains hardware functions, uses for microcontroller, motor / sensor programming and control statements

Lawrence Technological University Robofest Robotics Competition, Southfield, MI

December 2012 – April 2013

Regional and State Level Competitor

- Designed, built and programmed a fully autonomous robot to complete predetermined tasks
- Fabricated components to improve mechanical structure and increase robustness to varying environments
- Redesigned robotic claw to increase jaw opening
- Acquired trouble shooting, problem solving, and programming skills

WORK EXPERIENCE

Superior Lawn Service, Ypsilanti, MI

April 2011 – August 2013

Co-Owner

- Founded and built a competitive, no-contract based lawn and landscaping service
- Expand client base consistently through a targeted marketing campaign and high quality service

The Big Salad, Ann Arbor, MI

May 2013 – August 2013

Service Team

- Maintained high standards of customer service during high-volume, fast-paced operations
- Followed procedures for safe food preparation, assembly, and presentation
